

## ADVANCED PLACEMENT PROGRAM

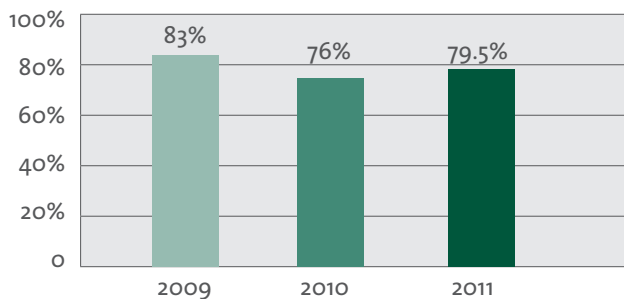

Fairmont Preparatory Academy encourages students to challenge themselves with college-level AP coursework while still in high school. With AP classes in all areas of the curriculum, students can play to their strengths and individualize their course of study. AP classes prepare students to earn academic credit accepted by major colleges and universities.

The College Board, which administers the AP Program, has recognized Fairmont's strong successes, particularly in math and the sciences, and identifies the Prep as having "one of the highest student success rates in the state."
